Jamnagar

Web World Developing

> Worked as PHP Web Developer Intern for 6 months.

15/Jan /2025 — Present

#### Full Stack Developer | Mehta Websolution

Khodiyar Colony, Jamnagar

Mehta Websolution

> Worked as a intern for 6 month and have been employed full time since then

> Assisted senior designers in implementing responsive web design principles across multiple projects.

### Education

2021 — 2022

#### G.H.S.E.B | Gujarat Board Gandhinagar

Junagadh

Score: 490/750

2022 — 2025

#### B.C.A Degree Course | Saurashtra University Rajkot

Jamnagar

65% Pass

2025 — Present

#### MSc IT & CA | Saurashtra university

Jamnagar

Sem 1 score 67.80% pass

## Database Management

Advanced

Proficient with both SQL (MySQL, PostgreSQL) and NoSQL (MongoDB) database technologies for data storage and retrieval.

## UI/UX Design Principles

Expert

Knowledgeable in user interface (UI) and user experience (UX) design principles to enhance user satisfaction and engagement.

## Python Programming

Advanced

Develops scalable applications and scripts using Python for automation and data analysis tasks.

## SQL

Expert

Designs, queries, and optimizes relational databases using SQL for data integrity and performance.

## Git

Expert

Utilizes Git for source code version control, branching strategies, and collaborative development.

## Project Planning

Advanced

Skilled in project planning and estimation processes, ensuring timely delivery of software projects.

## Laravel

Proficient

## Debugging

Proficient

Proficient in debugging techniques and tools to analyze and fix code errors efficiently.

## Certifications

2021 — 2021

### Advanced Excel Course | Udemy

Online

2023 — 2023

### WordPress Course | Udemy

Online

## Interests

### Coding Challenges

Solve algorithmic and programming problems on online platforms to sharpen logical thinking and technical proficiency.

### UI/UX Design

Create user journey mockups and wireframes to explore optimal digital experiences for web and mobile applications.

### Machine Learning Projects

Develop small-scale machine learning models to experiment with predictive analytics and automating decision-making processes.

### Hackathons

Compete in timed technology innovation events to rapidly prototype solutions under real-world constraints.

### API Development

Design and test RESTful APIs to connect disparate systems and enable robust software integrations.
